

The Old Geelong Collegians' Association

No.53 June 1986

## A Happy Return 'Welcome Home'

The new Principal of the College, Mr. Andrew Paul Sheahan, took up his duties at the beginning of 1986; he was formally inducted to the position at a ceremony in the Morrison Hall on 6th May.

Mr. Sheahan was a student at the College from 1956 to 1964, compiling an outstanding record in almost every department of school life and finishing as Head Prefect.

At the University of Melbourne he graduated with the Bachelor of Science degree and the Diploma of Education. A skilful and accomplished teacher of mathematics, he served the Victorian Education Department for three years before becoming an assistant master at Geelong Grammar School in 1973.

He remained of G.G.S. for eleven years except for a period spent on exchange at Winchester College, England. In 1984 he was appointed a Deputy Principal of St. Peter's College, Adelaide.

Mr. Sheahan has had sound experience in senior administration, curriculum and the pastoral care of students, and has taken part in many activities outside the classroom; he has wide cultural and sporting interests; he has been a distinguished international cricketer and cricket commentator.

He is an active communicant member of the Anglican Church.

On returning to the College he had known as a boy, Mr. Sheahan was pleased to find it keeping pace with the times. He has expressed admiration for the work of his predecessor and will endeavour to maintain a vigorous pursuit of excellence in every department. While seeking high standard of academic performance, he will also encourage less able students to persevere with their work. And all, in everything they do, should be guided into an attitude of caring towards one another and the rest of the world.

The College Council, which appointed Mr. Sheahan from a large number of ap-

plicants, is confident that he will provide outstanding leadership in the years to come.

Mr. Sheahan and his wife, Jane, have three daughters who attend Geelong Grammar School.

Mr. Sheahan's father, the late Mr. Jack Sheahan, was a prominent Collegian of the 1920s. His mother, Mrs. Connie Sheahan, lives at Highton. His brother Graeme ('56) is Australian manager, customer relations, for Ford Australia. His sister, Mrs. Pam Wight, is a former teacher in the College kindergarten department.

So it is appropriate to say "Welcome Home" to the new Head and wish him a long and happy term of office.

## Quo Vadimus?

A group with the provisional title of "Preliminary Strategy Committee", and under the aegis of the Geelong College Council, is now convening with the object of anticipating future needs of the College community.

As it is seeking to peer into the murk of years ahead, the committee cannot be expected to arrive at major decisions either easily or immediately.

Perhaps it will explore ways of securing the financial future of the College; and it may well be considering the maintenance of College independence in a changing world.

Any preliminary reports or strategic leaks will be received with interest.

## SOMETHING OLD - TWO THINGS NEW

This year our ANNUAL RE-UNION DINNER will be held at a NEW venue - The Dorchester. That's right - our first ever annual dinner in MELBOURNE. ## SINGAPORE/MALAYSIA BRANCH

A spontaneous and very informal meeting was held on February 28 at the American Club, Singapore. Present were Vice-President of the Association, Sam Coulson, Douglas Ooi, and Chung Hin Chew (Chewy). After considerable debate, Chewy was elected to represent the O.G.C.A. in that area, ably assisted by Low Kee Cheong (Keech) who was not present.

It is intended to hold gatherings from time to time and keep in touch with the College, and those travelling through Singapore.

**MR. JUSTICE BARRY MADDERN, ('50)**, has been appointed President of the Conciliation and Arbitration Commission.

At 48, Barry is the youngest president to be appointed in the Commission's history.

After leaving The College, he took a law degree at Melbourne University, was an articled clerk in a Melbourne law office from 1956-58, and was head of Mobil Oil's personnel and industrial relations section for five years.

He then worked for a firm of Melbourne solicitors for two years, was admitted to the Bar in 1967, and until 1980 he was principal advocate for the National Employers' Policy Committee and other employer organisations before the Arbitration Commission.

He stood as an unsuccessful Liberal candidate in 1958 for the Federal seat of Gellibrand - which happens now to be held by the Employment and Industrial Relations Minister, Mr. Ralph Willis, who recommended him as commission president - and he was appointed to the Commission in 1980 by the Fraser Government.

## SKI CLUB CELEBRATES ITS TENTH ANNIVERSARY

From an idea ten years ago to a Club owning a half million dollar ski lodge, is the achievement of the Pegasus Alpine Club which celebrated its Tenth Anniversary with a restaurant dinner in Geelong last November.

Originating from an idea tossed around the Masters Common Room at the College in 1975, the concept developed through a meeting held at the College that May, and a formal call for foundation members in Ad Astra, to the foundation of the Club in November, 1975.

The College Architect, Neil Everist, prepared the plans, whole sections were prefabricated in Len Bell's Geelong workshop and transported to the mountain, and parties of members toiled frantically during the following summer and autumn to have the lodge ready for use by the 1976 ski season, a feat which is still regarded in awe by long time Hotham residents.

With steady development and improvement of the site and a three stage enlargement, the Lodge now has an insured replacement value of \$500,000.

While members and their families have preferential booking rights until the end of March each year, any skier is welcome to book to stay at Pegasus and for this season will pay only \$22 per night, high season. In addition, each year brings a turnover of one or two shares with the price reflecting about 1/48th of the insured value of the Lodge.

Any Old Collegian who would like to stay at Pegasus or who would be interested in purchasing a share may obtain further information and booking forms from the Club Treasurer/Booking Officer, Roger Nation, in Geelong on (052) 48 2398 - business hours.

## PEDAL POWER

**PETER EVANS, ('47)**, a farmer from Gnarwarre, competed in Australia's longest cycling road race, a 3,100 km tour from Hobart to Brisbane. Peter took up recreational cycling at the age of 48, and has ridden the 6,000 km Perth to Brisbane in 45 days, gained a world road cycling title in the "Grand Prix des Nations Championships" at Hartberg, Austria, as well as two Victorian veteran six-day tours in 1981 and 1982.

Now 54, Peter sees no limit to his ability, and in future, plans an 80 day round Australia ride, and a trans Russia tour from Moscow to Georgia.

## FRANCE TO FRANCE

Achieving a life-time ambition at 24 is worth recording. **LIZ FRANCE, ('75)**, has been offered a place in the Paris-based 'Mystere Boufee', a theatre company specializing in Commedia dell'Arte theatre. Liz, after three years at The College under John Gibson, completed three years at the National Theatre Drama School, Melbourne, before moving to Paris to spend a year at the Lecoq School of Mime and Movement. With her Year 9 French improving, she embarked on an intensive course in Commedia dell'Arte with Carlo Boso before accepting her appointment.

## AN OUTSTANDING ACHIEVEMENT

Robert Ingpen has been awarded the Hans Christian Andersen Medal for his work as an illustrator of children's books. This most prestigious and coveted award is made every two years by the International Board on Books for Young People, (I.B.B.Y.), which is based in Geneva, and judging took place at Bologna, Italy, during the International Children's Book Fair. The award is made in recognition of impressiveness of worth over a sustained period. This is the first time a Hans Christian Andersen Medal has come to Australia, and also the first time two medals have been awarded to the same country, for Patricia Wrightson, the well-known author of children's books, also received one in her category.

In 1985 students again excelled at the H.S.C. examinations, 114 out of 127 (89.8%) successfully completed Year 12, and 10 subjects produced 100% passes. Two students received 6 A's, three 5 A's, eight with 4 A's and eleven marks of 95 or above in individual subjects.

## THE PROGRESS OF A.B.C.

The first clause of the constitution of the Albert Bell Club reads:

"AIM- The aim of the club is to further the interest of rowing at The Geelong College in any and every possible way."

The Club has pursued this aim relentlessly for more than eleven years and the insert in the February, 1986, issues of the A.B.C. newsletter revealed the positive results of the Club's activities; a total of \$10,816.06 provided to assist, and in support of, the activities of the Boat Club.

The extent of interest in the Club can be better understood when it is realised that one member travelled from Singapore to attend the annual re-union dinner, this year. Also, there are other members who are resident in England, U.S.A., Nauru and several other distant places on the globe and, of course, in all States of Australia.

Membership is open to all who support the aim of the Club - it is definitely **not** restricted to rowers, only. A copy of the list of Capital Items Purchased (referred to above) will be sent to those who apply for membership, by sending the annual subscription of \$6.00 to Albert Bell Club, c/- The Geelong College, PO. Box 5, Geelong, 3220.
