THE PEGASUS.

School Officers, 1st Term, 1920,

Head Prefect:—R. K. McArthur.

Prefects:—J. R. Macmillan, C. C. Bell, C. E. McArthur, A. J. M. Wilson,
F. W. Gilmour.

Cricket Captain :—C. E. McArthur.

Vice-Captain :—R. K. McArthur.

Cricket Committee:—Mr. A. H. MacRoberts, C. E. McArthur, R. K. McArthur
D. M. Kennedy, J. R. Macmillan, R. Morton.

Captain of the Boats :—C. C. Bell.

Rowing Committee:—Mr. C. H. Stover, C. C. Bell, P. Adzen, F. W. Gilmour,
J. R. Macmillan.

Swimming Committee:—Mr. G. Malor, J. B. Patterson, C. C. Bell, C. E.
McArthur.

Tennis Committee:—R. K. McArthur, C. E. McArthur.

Hon. Sec. Athletic Sports:—R. K. McArthur.

Librarians:—Mr. A. H. Harry, R. K. McArthur, J. R. Macmillan, A. G.
Burnet.

"The Pegasus" .—Mr. A. H. MacRoberts, R. K. McArthur, A. J. M. Wilson.

Cadet Officers & Non-Commissioned Officers:

2nd Lieutenant:—C. Stover, A. J. Wilson.

Company-Sergeant-Major:—S. G. MacGillivray.

Company-Quartermaster-Sergeants:— J. R. Macmillan, T. H. Campbell.

Corporals:—K. J. Taylor, H. A. Anderson, A. E. McDonald.

THE Second Term begins on Wednesday, June 2nd.

On the opening day of the school year some members of the College Council were present at roll call to welcome our new Principal the Rev. F. W. Rolland. Mr. Shannon addressed the boys, introducing Mr. Rolland, and expressing his confidence that the high traditions of the College would be fully maintained under the present Principal. After Mr. Rolland had briefly responded, the boys departed to their classrooms and the work of the year began.

The term has been a pleasantly uneventful one, in the sense that we have been free from an epidemic of any kind. There have been several scares of measles, and one or two isolated cases, but the disease has not managed to obtain a permanent hold, and actually, so far, none of our sporting events has been at all interfered with by sickness. We trust that this desirable state of affairs may continue throughout the year.

At a meeting of the General Games Committee it was decided that the performances of J. A. Henry and A. G. Baird at the last Combined Public School Sports should be regarded as College Records. Their performances were:—

J. A. Henry—Long Jump (under 16), 18 feet.

A. G. Baird—High Jump (under 14), 4 feet 8¼ inches.

Early in the term the boarders were privileged to listen to a lecture from Mr. MacGoun on Palestine. Later Mr. Cunningham gave an address on Korea. Both lectures were much appreciated.

Anzac Day was commemorated in the usual manner. First, the flag was saluted by the entire school, after which we took our seats in the

Morrison Hall. Mr. R. Purnell then gave an inspiring address, in which he emphasized the lessons to be learned from the deeds of the Anzacs. After that all stood and listened in reverent silence to the names of those Collegians who fell in the war.

We were all pleased to see Mr. Forrest again the other day. He attended roll call one morning towards the close of the term, and conducted the opening prayer.

We have to welcome three new, masters on the College staff this year. Mr. C. Strover, B.A. Mr. G. Malor, and Mr. R. McIntosh. Mr. A. H. MacRoberts has rejoined the staff after an absence of over four years. Unfortunately, Mr. A. R. Orton is leaving at the end of the term to take up a position at Scotch College, Melbourne. He will be greatly missed, especially by the football team, in whose progress he has taken a warm and active interest during the past few years.

Mr. F. A. Campbell, one of the oldest of our boys, visited us recently, and gave a short but extremely interesting address, containing reminiscences of the College of fifty years ago.

One of the less familiar aspects of the war was shown to us lately by Mr. Hudson, who is one of the two Australians in the garrison of Kut, which was captured by the Turks in 1916. The story of his march across Mesopotamia and Asia Minor, and his subsequent long captivity, was graphically told, and listened to with interest by his hearers.

A set of fifteen books for boys about 14 years of age has been presented to the Library by Harold Anderson. Their popularity is evinced by their rapid circulation.

Several boys who are interested in nature and natural life, attended a lecture by Mr. Dudley Le Soeuf at the Gordon Technical College, on 17th March. Many beautiful and instructive lantern slides were screened showing the peculiarities of bird life and the economic importance of many of our feathered tribe. The kind-hearted zoologist appealed to us to place a higher value on the life of our birds.

"He prayeth well, who loveth well
 Both man and bird and beast."

A number of the day-boys spent part of the holidays in tents at Torquay, and had a thoroughly good time. A small number of them had been there the previous year, and last Christmas the camp was rushed. Many old boys joined in, and especially during the week-ends the place was crowded. There were five tents arranged in a circle, giving a very military appearance to the camp. A football was taken down and many lively games were played on the beach. Cricket was also indulged in, usually amongst the cups and saucers. Nobody did any work if possible, nor got up until mail time (about 11.30 a.m.), when there was a rush for breakfast and the paper to see how Victoria was getting on with the cricket, and if any exam, results were out. The camp lasted over three weeks, and the chief campers were J. Maddern, A. Brushheld, V. Palmer, A. Tregear and L. Brooke; while the visitors at various times were J. Philip, V. Gross, B. Collins, A. Wilson, R. Purnell, J. D'Helin, S. Heath, B. Paterson, S. MacGillivray and K. Taylor.

Swimming.

WE held our Swimming Sports this year on the 8th March, somewhat earlier than usual, so that we should have a better chance of obtaining a warm day. But fate was against us, for the day broke cool and cloudy. In spite of this, however, the fields were large and there were

some very close finishes. The entries this year (£29) easily constitute a record, and speak well for the enthusiasm of the committee. Mr. McCoy again lent us the Western Baths for the Sports, and Mr. Young very kindly officiated as starter. Two new races were included in this year's programme—a 300 Yards Race, and an Old Boys' Race—The former is too far, and should be eliminated next year, but the latter provided a close finish, in which R. W. Milner just beat Cyril Carr. N. K. Russell somewhat unexpectedly won the Senior Championship from W. Griffiths in very promising style. The Novelty Race took the form of pillow-fighting on a pole extended over the water, and was once again won, after a prolonged duel in the first round with B. Macmillan, by D. Hope, whose success in this event is really no "novelty." D. Walter was successful in the Under 16 Handicap and the Dayboys' Handicap, and T. Young won the Junior Cadet Race and Long Dive. The Masters and Committee acted as Judges and Officials.

Results:—

Under 16 Handicap (50 yards)—1, F. D. Walter (7 secs.); 2, D. R. Griffiths (2 secs.); 3, J. Henry (3 secs.) Time—42 secs.

Senior Championship (100 yards)—1, N. K. Russell; 2, W. R. Griffiths; 3, D. Morrison Time—1 min. 20 3-5 sees.

Dayboys Handicap (50 yards)—1, F. D. Walter (8 sees.); 2, T. Freeman (6 secs.); 3, D. R. Griffiths (3 secs.) Time—39 sees.

Junior Cadet Race 50 yards—1, T. Young (4 sees.); 2, J. Murray (6 secs.) 3, D. R. Griffiths (scr.) Time—41 2-5 sees.

Relay Race (30 yards each)—1, F. Gummow and J. G. Stewart (5 secs.), and N. Russell and W. Waugh (2 secs.) dead-heat; 3, R. McArthur and H. Hirst (6 secs.)

Breast Stroke (50 yards)—1, T. Richardson -(4 sees.); 2, F. W. Gilmour (9 secs.); 3, R. J. Wilson (5 secs.) Time—45 2-5 sees.

Novelty Race—1, D. W. Hope; 2, A. W. Freeman.

300 Yards Handicap—1, W. Griffiths (2 sees.); 2, T. Richardson (8 secs.) 3, N. Richardson (8 secs.) Time—4 min. 58½ sees.

Old Boys' Race (50 yards)—1, R. W. Milner (5 sees.); 2, C. G. Carr (scr.); 3, J. Hawkes (2 secs.) Time—35 1-5 sees.

Life Saving—1, W. Griffiths.

Boarders Handicap (50 yards)—1, J. G. Stewart (7 secs.); 2, W. Waugh (2 sees.); 3, J. Robertson (8 sees.) Time—38 1-5 sees.

Long Dive—1, T. Young; 2, R. Lawrence; 3, J. G. Stewart. Distance .

Lower School Race (30 yards)—1, J. Robertson (scr.); 2, M. Cameron (scr.); 3, R. Brown (3 sees.) Time—23 sees.

Over 16 Handicap (75 yards)—1, W. Waugh (3 sees.); 2, J. G. Stewart (6 sees.); 3, F. Gummow (4 secs.) Time—57 2-5 sees.

Cricket.

OUR team this year is, as usual, young and inexperienced, and has as yet no victories to record. Of the three matches played, one resulted in a crushing defeat but the other two were quite even enough to give us hopes of better things in the future. At the nets the team showed fair batting form, but decided weakness in bowling, but in the school matches the batsmen failed consistently, while there are one or two excellent bowling performances to record. The fielding in the opening matches was exceptionally good, but in the last game—against Xavier—there was a marked slackness in this department. The highest score of the season—40—was made by Macmillan. He is a good plucky hitter, but does not as yet fully appreciate the virtue of a straight bat. Morton and Greeves show promise, but they are as yet too young to be relied on for heavy scores. R. McArthur played one good innings, but the great disappointment of the team was C. McArthur, on whom great reliance was placed, but who unfortunately failed on every occasion with monotonous regularity. In his capacity as captain, however, he deserves great praise for the enthusiastic and capable manner in which he carried out his duties. Of the bowlers, Rentoul is perhaps the best, and his performance against Xavier College, when he took 6 wickets for 15, is one of the best in our records. Maddern did well against Melbourne Grammar School, and R. McArthur at times seemed to puzzle the batsmen extremely, but any other bowling talent has so far been conspicuous by its absence. The team as a whole, however, is very keen and enthusiastic, and thus we are hopeful of rendering a better account of ourselves at the end of the year.

GEELONG COLLEGE v MELBOURNE GRAMMAR SCHOOL.

In this match we were quite outplayed— Our opponents won the toss on a perfect wicket, and though the first three wickets fell cheaply, Cuming and Byers soon obtained complete mastery of the bowling, and helped themselves to runs almost as they pleased. On Cumings dismissal for 67, Christian joined Byers, and the scoring became fast and furious. Both made centuries, Byer's contribution being 126, and Christian's 131,

After they had gone Dunlop hit well for 58, but the remainder of the team collapsed unexpectedly before Maddern's bowling, and the innings closed for 472—a large enough total, but smaller than had at one time been anticipated. Maddern who at one stage had 1 for 56, finished with 6 for 64—a good performance under the circumstances. No one else was able to keep the batsmen quiet, although Rentoul sent down a few good overs. The fielding was good all through. Of our first innings the less said the better. We were all out for 47, and the only double figure scorer was Greeves with 12. The bowling was good, though not so deadly as the scores would indicate, and Guthrie did excellent work behind the stumps. At our second attempt we did a little better, and managed to pass the century before the last wicket fell. Kennedy and Morton batted nicely for 22 each, and Brushfield, Read, and R. McArthur all made double figures, but the others were content to repeat their performance of the first innings. Byers bowled best for the Grammar School, securing in the match 9 wickets for 61 runs.

GEELONG COLLEGE v SCOTCH COLLEGE.

Our second match provided an interesting contest, and resulted in a victory for our opponents by the narrow margin of 17 runs. Again we lost the toss, and Scotch College, batting on an excellent wicket were all dismissed for 164. At one time the score stood at 104 for 8 wickets, but a good stand by Francis and Shaw added 40 runs for the last wicket, and, as events proved, just won the match. Others who batted well were Philpott and Smith, who each scored 23 by good cricket. Maddern and Rentoul again did the bulk of the bowling, the former getting 4 for 45, and the latter 3 for 24. We started badly, and looked like getting out for a very small score, when Macmillan and R. McArthur got together and put a new aspect on the situation. Macmillan rattled up 40 in very quick time, the greater part of his score being obtained by boundary hits, while McArthur batted very steadily for 31. After their departure Read and Kennedy prolonged the suspense with scores of 19 and 13, and just at the end Ball made a couple of nice strokes in compiling 12 not out, but the rest failed badly, and, when the last wicket fell, we were still 17 runs short of our opponents score. Scotch College batted with confidence in their second innings, and at the tea adjournment had lost only 5 wickets

for 286 runs. Cock had played an excellent innings for 80 and Green had also batted well for 50. Then R. McArthur suddenly found his length, and by taking four wickets in six balls, brought the innings to a rapid conclusion. A heavy downpour then set in, rendering further play impossible. Scores:—

GEELONG COLLEGE v XAVIER COLLEGE.

Once again we lost the toss and Xavier went in to bat. The first two wickets fell cheaply and then Mornane and Costigan by correct cricket brought the total up to 90. At this point a remarkable collapse took place, and the innings closed for 99. The destroying agent was Rentoul, who, aided by the wind, was swerving to such an extent that the batsmen were quite unable to negotiate his deliveries. He took 6 wickets for 15, and bowled excellently. We managed to lead by 12 runs on the first innings. Our batting was not of a very high quality, but half a dozen of the team made double figures, the highest being Macmillan and Morton, with 24 and 21 respectively. Two of the tail-enders, Ball and Mack showed promise in compiling their runs. Xavier did a little better in their second innings, owing chiefly to the efforts of Mornane. He scored 60 out of a total of 149, the next highest scorers being McLean and Bown with 17 each. Rentoul was not so deadly with the ball on this occasion, and the bulk of the bowling was done by Kennedy and R. McArthur, the former getting 3 wickets for 29, and the latter 4 for 40. We had thus 138 runs to get to win, and at first it seemed as though the task might not be beyond our powers, as Morton and Kennedy tackled the bowling with confidence and put up 20 runs in quick time. On Morton's dismissal however a general collapse set in, and we failed by 60 runs to reach the required total. Greeves batted well for 17 not out, but none of the others gave him any assistance, and the innings closed for 77. The Xavier bowling was accurate, but not deadly, Cooke, Carrick and McLean dividing the wickets.

PRACTICE MATCHES.

The usual difficulty was experienced in obtaining practice matches, but a couple of enjoyable games were played against teams composed largely of Old Boys—one captained by J. Hawkes and the other by J. Birnie. On the first occasion we were beaten by 150 to 86, chiefly owing to a vigorous display of hitting by J. Noall who rattled up 61 in very quick time. The second match was spoilt by rain, as after the visiting side had put up 72 runs (Birnie 27, R. Campbell 26), and we had lost 2 wickets for 40, the match had to be abandoned-

v. GEELONG GRAMMAR SCHOOL.

This match was played on the first Saturday of the term, when both sides were very short of practice. Our opponents made 173 for 6 wickets, Carlyon, McKewan and Irvine all batting well. We could only muster 67 in reply. D. Kennedy showed remarkable patience in carrying his

bat through the innings for 30, and Macmillan hit well for 25. Our bowling was very weak all round, but Rentoul did fairly well in securing 3 wickets for 15.

SECOND ELEVEN

v. Guild. Won by 1 wicket and 45 runs. Guild 78 (D'Helin 41 not out). College 123 for 9 wickets (Waugh 22, Macmillan 22). For us Waugh took 5 wickets for 9 runs.

v., Geelong Grammar School. This match was restricted to one afternoon, and thus was played on the half-time system. Grammar made 114 for 8 wickets (Bates 43, Vincent 22, Wallace 22). We replied with 115 for 3 wickets. Richardson played a good innings of 59, McCann made 36 and Russell 15 not out.

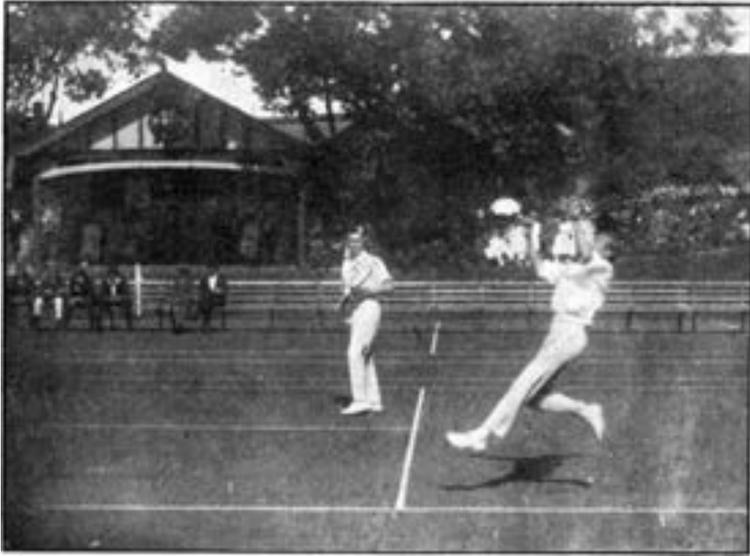

JUNIORS.

Only one match was played by our under 15 team during the season. This was against the Geelong High School, which we easily defeated by an innings and 14 runs. The scores were:—College 100 (Ash 2G). High School 11 and 75. A match between "under 14" teams was played against the Geelong Grammar School. We lost by 2 wickets and 79 runs the scores being :—College 42 (Murray 14), Grammar, 8 for 121 (Brown 28, Taylor 23). Our best bowler was Baird, who secured 5 wickets for 37 runs.

Tennis.

WE arranged a tennis match against Scotch College on Saturday, April 24th. We had very little practice, as rowing claimed us after school. What practice we did get was done after breakfast or lunch. We are very grateful to Mr. Rolland for the time he spent coaching us, and it was no doubt due to his efforts that we won our match. It was played on the courts of the Geelong Girls' Grammar School, kindly lent by Miss Morris. The afternoon was showery, and the play was in consequence considerably interrupted.

The teams in order were—(Scotch,) F. Woods, E. Wall, H. V-McCay and R. Wischer; and the College, R. McArthur, C. McArthur, A. G. Baird and E. G. Greeves.

CHAMPIONSHIP TENNIS. - HAWKES V. PATTEFSON..

THE COLLEGE FROM AN AEROPLANE.

In the doubles, the first pairs of each school were opposed, and the second pairs. R. and C. McArthur defeated E. Wall and F- Woods rather easily, though our-pair were not playing a very sound game. R. McArthur was missing volleys, and his brother's driving was weak. Wall was the better of the losers, and perhaps the best of the four. Baird and Greeves had a prolonged struggle against McKay and Wischer before they won. They are both young players, and with regular coaching and practice should be able to win laurels for us at tennis when the older boys have left school. They both performed creditably, especially Baird, whose play alone won the first set of the rubber. Greeves is very sure in his volleys, but he must improve his drive and backhand strokes if he is to enter high-grade tennis. Wischer played a solid tossing game, which he rather overdid, and which would have failed against an aggressive pair. McKay possesses a useful forehand drive, but at times was erratic. This pair would do better if they went to the net **together** more frequently.

In the singles, which were contested for the most part on wet courts, the two from our school selected to play were again too strong for their opponents. R. McArthur overwhelmed F. Woods in a rush of well-placed drives followed to the net. Woods possesses some promising strokes, but is erratic and needs coaching. McArthur played well in the circumstances, though his serving was not as good as usual.

The match between C. McArthur and E. Wall provided a grand duel on a soaking wet court. Both boys played excellently. Wall was easily the best in the Scotch team on the day, his backhand drive and serve being distinctly forceful. In time he should become a brilliant player. McArthur won the rubber by consistently accurate volleying and forehand driving.

Scores:—

R. and C. McArthur beat Wall and Woods, 6—1, 6—4.

Baird and Greeves beat McKay and Wischer, 6—2, 5—7, 6—3.

R. McArthur beat Woods, 6—0, 6—0.

C. McArthur beat Wall, 6—3, 6—4.

TOTALS:—

Geelong College—4 rubbers, 8 sets; 53 games.

Scotch College:—0 rubbers, 1 set; 24 games.

Rowing.

The Annual Regatta took place as usual on the Barwon on April 21st and 22nd. We were favoured with delightful weather and the function passed off very successfully. All the events were rowed off punctually, and some interesting finishes resulted. K. Taylor acted as starter, and the masters as judges.

SENIOR FOURS.

First Heat:—

J. S. Maddern (str.)	beat	F. R. Gummow (str.)
H. Bradshaw (3)		A. G. Burnet (3)
D. Morrison (2)		R. Waugh (2)
H. R. Miller (bow)		O. L. Read (bow)

A close finish. Won by half a length.

Second Heat:—

H. Hirst (str.)	beat	R. Ronaldson (str.)
A. J. Barnes (3)		J. A. Henry (3)
A. Riggall (2)		S. McCosh (2)
A. E. McDonald (bow)		E. Pearl (bow)

Won easily by 3½ lengths.

Final:—

Maddern's crew v. Hirst's crew.

Maddern's crew won after an interesting struggle by ½ length.

MIDDLE FOURS.

First Heat:—

K. H. Phillips (str.)	beat	R. Lockwood (str.)
A. L. Cruickshank (3)		E. Chapman (3)
J. Stewart (2)		J. Cochrane (2)
G. Waugh (bow ^T)		C. Dunoon (bow)

Won easily by 2½ lengths.

Second Heat:—

C. Greeves (str.)	beat	J. Knowles (str.)
A. Gray (3)		R. Boyd (3)
H. Anderson (2)		A. Rentoul (2)
J. Robertson (bow)		W. H. Sloane (bow)

Final:—

R. H. Phillip's crew won by a length from C. Greeves' crew.

JUNIOR FOURS.

First Heat:—

J. Boyd (str.)	beat	J. McCosh (str.)
A. Sproat (3)		B. H. Ford (3)
J. Rose (2)		F. Davies (2)
T. G. Young (bow)		M. Hope (bow)

Won by a length.

Second Heat:—

I. Murphy (str.)	beat	D. Neville (str.)
G. Knight (3)		A. Lang (3)
W. Hope (2)		C. Reid (2)
H. Cameron (bow)		E. Heyward (bow)

Won easily by four lengths.

Final:—

J. Boyd's crew won by a length from I. Murphy's crew.

THE EIGHTS IN TRAINING.

Our coach had only two of last year's crew as a basis for our first eight this year, but he was able to find some promising material upon which to work. After a good deal of trial the personnel of the crew was practically chosen a little before Easter, but the positions have since been considerably altered. Colin Bell (Captain of the Boats) was placed stroke, and fully justifies his appointment by his keenness and determination. Unfortunately the training has been seriously affected by illness—first by G. Pern catching a severe cold, and then by the absence of C. Bell through sickness. Their places were filled while they were away by R. McArthur.

Owing to the present filthy state of the Barwon, water had to be laid on at the boat sheds, so that the "Rex Bell" could be washed after every rowi before she could be put on the racks.

Too great admiration and praise cannot be tendered to Mr. H. Young, our coach, for his untiring devotion to the interests of the crew as a whole, and to the school. He never misses a day's practice, and the welfare of each individual member of the eight seems to be his constant thought.

Mr. Harold Hurst has taken on the difficult task of coaching the second eight, with only one of last year's crew available. What success has attended his efforts can be seen in the vast improvement of the crew during their ten weeks' training. The school owes him as it does Mr. Young, a very great debt of gratitude for his services. No doubt Mr. Hurst has made the foundations for a future first eight. The training of the second eight has been even more interrupted than that of the boys under Mr. Young. Maddern and Wilson had to withdraw, and R. McArthur (who was stroke) had to row for some time in the first eight. L. R. Hodgson was chosen as stroke, and filled the position very well.

THE SECOND EIGHTS' RACE.

Our Annual Second Eight Race against the Geelong Grammar was held on the Barwon on Friday, April 30th. Mr. Young acted as starter and Mr. Curnow as judge. The College stroke won the toss and chose the south bank. The weather was ideal for rowing, as there was scarcely a breeze. The Grammar crew got slightly the better start, but when the boats had gone only fifty yards, one of the College crew caught a bad "crab," which lost them two lengths. The Grammar boys stopped rowing, evidently willing to have a fresh start, but our crew was unable to understand the shouts (puny, amid the din from the spectators) from the bank, and so the race was continued by the Grammar when they saw the College crew begin to row again. Holding most of their advantage, the boys from Corio won comfortably by $\frac{1}{2}$ lengths.

It was disappointing to the spectators, coaches and crew alike, that the race was spoiled so near the commencement. The Grammar crew very generously and sportingly offered to re-row the race next day, but it was finally decided not to do so. We take this opportunity to thank the Grammar Second Eight for their kindness.

Our crew was as follows:—

A. J. Barnes 9.1 (bow)
 C. E. McArthur 9.6 (2)
 R. K. McArthur 10. (3)
 D. M. Kennedy 10.3 (4)
 T. S. Icing 10.6 (5)
 A. Brushfield 10.8 (6)
 T. W. Campbell 10.12 (7)
 L. R. Hodgson 10.11 (str.)
 K. Taylor 8. (cox)

The Public Schools' Boat Race.

(Adapted from the "Argus")

"Who is going to win?" was the question on thousands of lips in the city on the morning of Friday, May 7th. The question was to be decided over the Henley "mile" on the Yarra in the afternoon, and 50,000 people assembled along the river banks to watch eight-oar crews from the six public schools in the preliminary heats of the Head of the River contest.

The day dawned dull but calm. There was no wind, and so any advantage in station on the river was nullified. From early morning the

boys of the schools were agog. Although school was "in" nominally in the morning, it could not be said to be a day of work. There was too much to be decided in the afternoon. By midday the city was full of school-boys and schoolgirls and their friends. Everywhere one saw favors. At restaurants and hotels the tables were decorated with flags and ribbons. The Block was crowded; gaily decorated motor-cars flitted hither and thither. Long before 3 o'clock every road seemed to lead to Prince's Bridge, and then to divide, one arm on the south bank, the other on the north. Never has there been so great a crowd to see Head of the River rowing; never has there been greater enthusiasm.

The rowing was well worth watching. The first heat, started with commendable punctuality, was won rather easily by Geelong Grammar School; but in the other heats victory was only gained after a long and desperate struggle in which the leaders were gradually worn down and beaten.

THE RACING.

FIRST HEAT:—

Geelong Grammar School.		Geelong College.	
Centre Station.		North Station.	
	st. lbs.		st. lbs.
G. C. Northcot (bow) ..	10 8	W. L. Waugh (bow)	9 12
T. S. Carlyon (2)	11 0	D. W. Hope (2)	10 10
R. G. Ritchie (3)	11 4	N. K. Russell (3) ..	11 0
F. S. Cole (4)	12 3	P. Adzen (4) ..	11 3
F. Gilder (<0)	12 8	F. W. Gilmour (s) ..	11 6
J. S. Bloomfield (6)	12 7	J. R. Macmillan (6) ..	10 11
C. R. Speeding (7)	10 7	G. G. Pern (7) ..	11 3
R. E. Webb-Ware (stroke)	11 3	C. C. Bell (stroke) ..	11 1
J. E. F. Mann (cox)	8 0	K. Taylor (cox)	8 0

The crews were punctual in reaching the stake boats at the starting point, and, with no delay, they were got away together. The Grammar School, at 42 strokes to the minute to their opponents' 38, soon drew ahead, and at the bridge led by three-quarters of a length. Then, slowing down to 36, they still held on, and at the big corner they were one length and a half to the good, and had increased their lead to two lengths at Brander's. They had reduced their rate of striking to 32, but with their long, steady swing they were well ahead. At the end of the Henley staging the light blues quickened to 36, and crossed the line two and a half lengths to the good. The College rowed a plucky stern chase, and saw it right out, but were easily beaten. Time—5min. 32sec.

SECOND HEAT:—

Xavier College.

North Station.

	st.	lbs.
E. J. Rorke (bow)	10	9
L. V. Lachel (2)	10	11
W. L. Bryan (3)	11	12
L. C. Cussen (4)	10	6
K. E. Shiel (s)	11	0
V. T. Kelly (6)	10	10
A. P. Hambrook (7)	12	10
G. J. Ryan (stroke)	9	13
J. R. Cosgriff (cox)	80	

Melbourne Grammar School.

Centre Station.

	st.	lbs.
G. R. Weir (bow)	10	3
N. Lockyer (2)	10	13
R. Grey Smith (3)	10	11
I. D. Sargood (4)	11	4
G. Patterson (5)	11	3
E. O. James (6)	11	9
M. L. Baillieu (7)	10	10
K. G. Begg (stroke)	12	7
J. H. Fitts (cox)	83	

There was an excellent start, in which the Melburnians, rowing the better form, at once took the lead. Rowing 40 to their opponents' 41, they had a lead of a canvas at the bridge. The rate in each boat dropped to 36, and as they reached the bend the dark blues had increased their lead to a quarter of a length. All round the long bend Xavier crept up, quickening their stroke to 38, and as the boats straightened out for the run home they were almost level. On the stretch to Brander's Xavier gradually overhauled the leaders, and at Brander's the red and black flag was in front. Xavier were then striking 35 to their opponents' 33. At the entrance to the booms each quickened—Xavier to 38, the Grammar School to 36, but Xavier held on, and though splashing, saw it out, and won a hard race by a canvas. Time—5min. 42sec.

THIRD HEAT:—

Scotch College.

North Station.

	st.	lbs.
B. T. Keon-Cohen (bow) ..	10	1
D. A. Carter (2)	10	0
C. H. Hutton (3)	10	2
J. G. Paton (4)	11	3
A. W. Stalev (5)	12	4
H. C. Dick (6)	11	12
B. H. Cole (7)	12	0
D. J. W. Stone (stroke) ..	10	4
J. Shaw (cox)	80	

Wesley College.

Centre Station.

	st.	lbs.
T. J. Liley (bow)	10	2
T. Standing (2)	10	13
D. J. Lawson (3)	10	8
N. J. Abernethy (4)	11	9
A. N. L. Patten (5)	10	7
F. B. Glover (6)	11	0
A. D. McIntosh (7)	11	11
H. T. Gamble (stroke) ..	10	7
R. M. Barden (cox)	82	

From another even start Wesley went off at 40, splashing badly, and with uneven blade work, to Scotch's 38. The quicker stroke took Wesley to the front, and at the bridge they had half a length to the good. Both had dropped to 36, and Wesley still held their lead round the bend, and when they entered the straight were a quarter of a length in front. All down the way to Brander's it was a great race, with Scotch creeping up 'inch by inch, until at Brander's the Wesley lead had been reduced to a canvas. Here Scotch spurred and caught their rivals, and just as they entered the booms

Scotch led for the first time. It was a desperate struggle, but Scotch were the stronger, and maintaining their effort drew away and won by three-quarters of a length. Time—5min. 38sec.

FINAL:—

GEELONG	GRAMMAR	SCHOOL.....	1
SCOTCH COLLEGE.			2
XAVIER COLLEGE.			3

The three crews got away well together, Scotch having slightly the advantage at the bridge. As they neared the turn, Geelong gradually forged ahead, while Xavier dropped behind. Till Brander's, Geelong increased their lead, and at this point led by nearly a length, but from there to the finish the struggle was a desperate one, Scotch steadily gaining until at the end the difference between the boats was a canvas only. It was a great finish to a good race. Xavier were two lengths behind. Time—5mm 34sec.

Cadet Notes.

JUNIOR CADETS.

Owing to Mr. Dawson leaving at the end of last year, the leadership of the Junior Cadets has been placed in the able hands of Mr. Mcintosh. Although many new boys have never before been subject to military training they are rapidly showing that they will not be behindhand when they move into the "Seniors" in July.

SENIOR CADETS.

Our last year's company commander Mr. V. R. Hill having left, the half-company has been handed over to Mr. C. Strover who will be a great help to the corps with his several years experience at the Front.

The results of the examination for Officers and N.C.O's. will be found under School Officers.

Shooting has taken up a large part of the programme this term and practice goes on at the College miniature range. It is intended to enter a Junior and Senior Shooting Team for the forthcoming Cadet competitions. On the 6th March the corps-had a route march to Queen's

Park to the accompaniment of the College drum and bugle band, which sounded more like one of the latest "jazz" bands than anything else. The band however has rapidly improved under Mr. Orton's instruction.

A word of praise is due to the N.CO's. for the way they have carried out their duties during the term.

MILITARY SPORTS.

In order to make the drill a little less dull for the trainees the Cadet Encouragement Committee decided to hold Athletic Sports on April 24th, on the M.C.C. ground. Each battalion was asked to compete and as both the Geelong and Kardinia Ovals were unavailable, the College Oval was lent to the Geelong militajy authorities by Mr. Rolland. A very successful Sports Meeting was held on April 10th, at which the majority of races were won by boys from the College. Competitors came from the two Geelong Areas, Williamstown, Drysdale, Queenscliff and Werribee. The weather was however wet, and the crowd consequently poor. Area 23A.B. won the Challenge Cup that was competed for by a margin of 78 points-The Christ Church Harriers kindly acted as officials.

Results:—

100 Yards (all quotas)—1, J. H. O'Connell; 2, T. S. Ising. Time—11 1-5 secs.

1 Mile Run—1, A. J. Wilson; 2, H. Hirst. Time—5 min. 5 1-5 sees.

100 Yards (Officers)—1, L. C. Cruickshank; 2, A. T. Sewell. Time—11 1-5 secs.

100 Yards (1904-5 quotas)—1, J. A. Henry; 2, R. W. Stott. Time—12 secs.

Tug-o-war—1, Williamstown.

220 Yards (all quotas)—1, T. S. Ising; 2, T. M. Campbell. Time—26 1-5 secs.

Long Jump—1, J. Stewart; 2, J. A. Henry; 3, L. P. W Brooke. Distance—18 ft. 2½ inches.

300 Yards (1904-5 quotas)—1, J. A. Henry; 2, E. Bouchier; 3, E. McCann. Time—37 secs.

Slow Bicycle Race—1, J. Callan; 2, J. Wilson.

440 Yards (all quotas)—1, A. J. Wilson; 2, J. K. O'Connell. Time—60 secs.

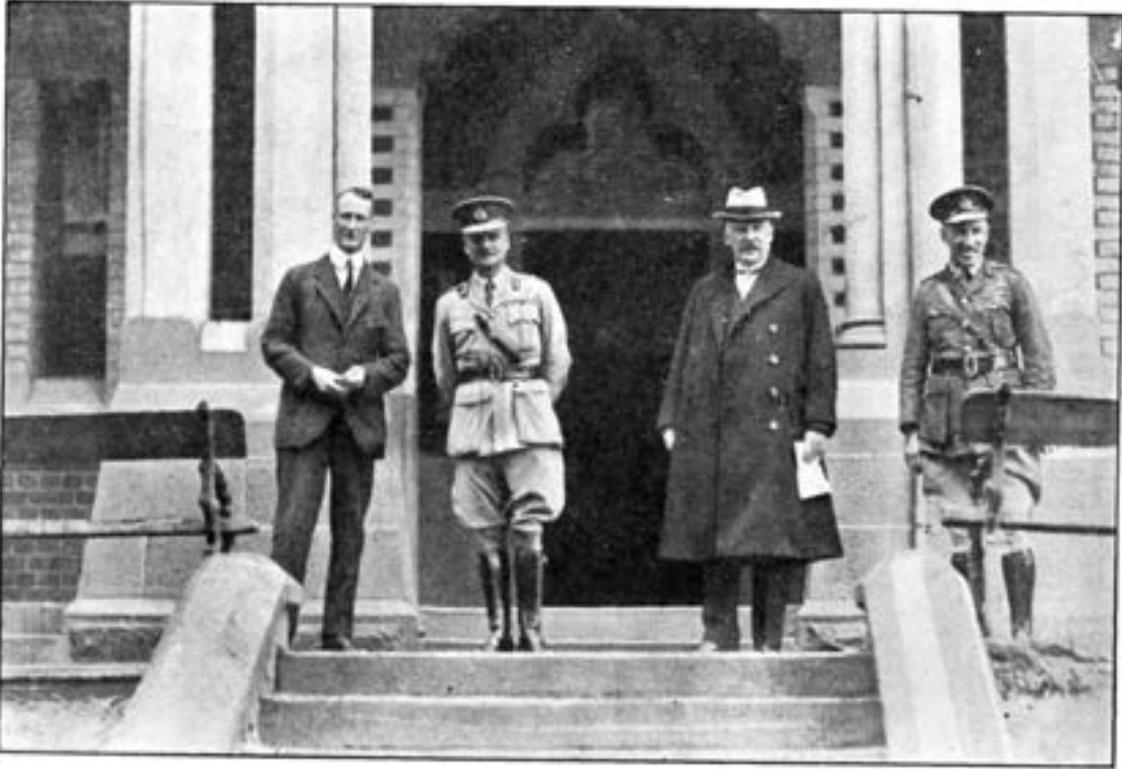

Mile Walk—1, F. G. Madden; 2, R. Lockwood. Time—8 min. 27 secs.

Siamese Race—I, J. R. T. Macmillan and J. Callan.

120 Yards Hurdles—1, A. J. Wilson; 2, D. M. Kennedy. Time—18 1-5 secs.

High Jump—1, J. Stewart; 2, R. Mack. Height 5 ft. 2½ inches.

Mile Relay Race—1, Area 23A.C.; 2, Area 23A.a. Time—4 min. 34 secs.

GENERAL BIRDWOOD ON THE COLLEGE STEPS.

General Birdwood's Visit.

ON Tuesday, March 23rd, General Birdwood visited Geelong, and spent twenty minutes of his time with us. Under the circumstances proceedings were naturally of a hurried nature, but what was lacking in time was made up for by enthusiasm. At four o'clock the boys assembled in the Morrison Hall to wait for their guest, and whiled away the time of waiting with the rendering of several vigorous choruses, Mr. Orton officiating at the piano. The General's arrival was the signal for a remarkable burst of spontaneous enthusiasm, which subsided at once into rapt attention when he began to speak. His address was naturally short, but full of sound advice. He dwelt upon the need for initiative in daily life, and the need for religious faith. He also touched upon what the soldiers amongst his audience recognized as the old familiar theme—one's duty to one's parents. At the conclusion of his address the boys lined the drive and cheered him to the echo as he drove away. The proceedings altogether were marked by such genuine sincerity that General Birdwood afterwards expressed himself as surprised and grateful by the warmth of his reception.

It had been originally planned that the General should plant a tree in the plot between the College and the Morrison Hall. Time, however, did not permit of his doing so, and so after his departure, this ceremony was performed by Mrs. Rolland. Up to date the "Birdwood Tree" is making good progress, and will no doubt serve as a permanent memorial of an interesting occasion in the history of the School.

University Examinations.

The following boys passed the Intermediate Examination:—

H. A. Anderson	T. B. King	K. J. Taylor
J. P. J. Colvin	T. R. T. Macmillan	W. F. Marquardt
A. L. Crnickshank	D. I. Morrison	A. E. McDonald
T. L. Doyle	C. I. Rich	H. J. Price
D. W. Hope	A. J. RofTey	

Leaving Certificates were gained by:—

A. M. Baird	A. G. Burnett	T. B. Paterson
N. E. H. Box	B. R. Keith	H. J. Price

In the Honours Examination F. M. Lee obtained 3rd Class Honours in English and Physics, and A. J. Wilson 3rd Class in History, while the following gained Honours (unclassified) :—J. R. Macmillan, History; R. K. McArthur, History and English; B. R. Keith, French.

EXTRACTS from Association Rules :—

No. II. The chief objects of the Association shall be:—

- (a) " To hold an annual Social Reunion of Past Collegians.
- (b) To unite and foster good fellowship among the Old Boys.
- (c) To promote the welfare of the Geelong College."

No. III. " All Old Boys of the College may become Members on the payment of five shillings annual subscription, or Life Members on payment of five guineas. The financial year ends 30th April in each year. Each Member shall be entitled to receive a copy of each issue of "The Pegasus," the journal of the Geelong College."

The following Annual Reports and Sports Programmes are required :—
 Annual Reports, 1861, 1862, 1867, 1870.

Sports Programmes from 1862 to 1867, 1870, 1872, 1891.

The Honourable Mr. Justice Stewart McArthur, appointed to the Supreme Court Bench in January last, is the second son of the late Peter McArthur, "Meningoort," Camperdown. He was educated at the Geelong College under the late Dr. George Morrison, M.A., where he matriculated in 1877, and passed first Year Laws 1879. After leaving the Geelong College he entered at Trinity College, until the completion of the building of Ormond College, where he entered as first resident student under Dr. J. H. McFarland, now Sir John McFarland. The Degree of L.L.B. was taken in 1882, he was called to the Bar in 1884, appointed King's Counsel 1912, and as above stated appointed to the Supreme Court Bench 1920.

As a sport His Honour has few equals, having played with the Geelong College Cricket team in 1877-78-79, and Captained them in 1879. He played with their Football team 1877-78-79, and at their 1879 Annual Sports Meeting won 440 yards Steeplechase, taking second place in College Cup, Ladies Cup (440 yards,) Hurdle Race and open 100 yards. After leaving the Geelong College he played for Camperdown Eleven, the Corio Club, (Geelong,) and the Bohemian Club, (Melbourne,) first pennant. At Football he was in the First Geelong 20 1879, and Essendon 1880-81, (Captain for part of the season). As an oarsman he rowed in

Ormond College Four in Inter-collegiate Boat Race 1882. In Lawn Tennis he was selected one year as first substitute for Interstate team, while he played in the Bohemian Club Four 1883-8. This Four won the Lawn Tennis Association Premiership 1885. As Horseman and Whip he excelled, having for several years handled the reins of the Bohemian Club four-in-hand coach during Cup week.

During **1911-12** he occupied the position of President of the Old Geelong Collegians' Association, and has at all times been one of their most ardent supporters.

His son Gordon also took a leading position at the Geelong College, where he won his quadruple Blue for Rowing, Rifle Shooting, Cricket and Football, and on leaving school enlisted for service in the Great War, where he had the misfortune to lose a leg. Gordon is now at Cambridge taking the Electrical Engineering course. Like his father he is a keen athlete, and, in spite of his misfortune he stroked his College Eight for the Lent races, and rowed bow in the Head of the River races at Cambridge last year, and has done well in the Cricket field and on the golf course.

Senator J. F. Guthrie is, we understand, the first Old Collegian to enter Federal politics. He is the third son of Thomas Guthrie, Esq., "Redhome," South Yarra, and Rich Avon Estate, Victoria. He was educated at the Geelong College from 1882-1892 under the late Dr. George Morrison, and while at school took a prominent part in the various sports. He was in the Cricket team for several years, and won both the batting and bowling averages. He also represented the College in both Football and Tennis. After leaving school he entered the office of Messrs Dalgety and Co., where he received a thorough grounding as a wool specialist, before proceeding to Bradford to qualify as an expert. Senator Guthrie acted as Wool Expert in New Zealand, Melbourne and Geelong for Messrs Dalgety and Co., before being appointed their manager at Geelong, which position he now holds. He has a seat on the Royal Agricultural Society Council, Victorian Wool, Wheat, and Meat Councils, Geelong Agricultural Society, Racing Club and Chamber of Commerce; and is President of the Victorian Coursing Club, and Chairman of Directors of the Avon Downs Pastoral Company, Queensland.

SENATOR J. F. GUTHRIE.

The Annual Reunion and General Meeting of the Association will take place at Geelong on Friday, 11th June next, when a very large and representative attendance is anticipated.

When selecting the football team to play the present school it is proposed to give preference to "Digger" Old Boys, who should send in their names as early as possible.

Keith Doig was married on 31st March, and is now practising at Colac. He has promised to come down on Old Boys' Day, and to bring all the Old Collegians of the district with him.

A. N. MacLennan is now acting as associate to Mr. Justice Higgins.

For the recent Intercollegiate Boat Race Joe Cochrane coached the Ormond crew, and W. B. Pearce performed a similar service for the second eight.

George Fleming visited the College during the term. He has now quite settled down after his military experiences, and is doing First year Medicine at the University.

We lately received a visit from Dr. Herbert Spencer, M.B. Ch.B. (Glasgow), who had just arrived from England. In 1902-3 he played football with the College team, and left for England in 1908. When war broke out in 1914 he enlisted with the Highland Light Infantry, and was wounded near Loos in 1916. After being wounded he continued his work and qualified at Glasgow. Prior to leaving England he was for some time at Bournemouth Military Hospital where amongst other patients were 175 Australians. Dr. Spencer has now purchased a practice at Easternwick. We wish him luck in his new venture.

Hugh MacKnight since returning with the A.I.F. has settled on the land at Tresco, Victoria. Ian Edgar and Alec Milne are also following the same occupation at Tresco.

Roy Lambie was in Melbourne last week looking very well. We are indebted to him for several corrections and additions to our Honour Roll lists.

Herbert L. Roeszler called at the College last term having returned from the war. We had not previously heard of his enlistment.

We regret to record the death of Geo. Mom whilst on active service; this late news having just reached us through Dr. Baird.

We regret having to record the death at Auckland, New Zealand, of Charles L. Griffiths, Solicitor, who attended the College in 1868. It is the intention of his family to donate to the College a Cup for competition

which shall not be won outright. This cup will be presented to the memory of their late father, who was an ardent and loyal supporter of the College.

We were pleased to see R. E. Whitehead again at the School last term to inspect the improvements and the Memorial Hall. He is having a very dry time at Berry Jerry Station.

We have received several letters from our last year's Head Prefect, Cecil Peter. They are feeling the effect of the drought up his way as he says, "We had a terribly hot day here yesterday—108 deg. F. in the shade, I had to pull sheep out of a boggy tank and it was warm I can tell you.

'You almost heard the surface hake, and saw the gum-leaves turn,
 You could have watched the grass scorch brown, had there been grass to burn.' "

Jack Steele (a Prefect last year) and Len Morton (Capt. of the football and cricket last year) have been up to the School to visit us. Jack came down to the river to watch the crew and gave them some advice. Len has promised a trophy this year for the best all round footballer. It is pleasing to see that some of our "young" Old Boys do not forget the school

Writing from the Malay States, where he is waiting in expectation of a position on a rubber plantation, Jim Hope says, "I went to Kuala Lampui for a dance the other night, which was good sport. The climate is not too bad; at Klang it is seldom above 93 deg. or below 73 deg. For the last three weeks it has rained nearly every afternoon, and when it rains here it comes down in buckets. There are millions of things that bite you here; what with mosquitoes, sand-flies and ants of all descriptions, you are kept quite busy scratching.

Some of our school's most faithful supporters have come from New South Wales, and we would like to sympathise with those of them in the drought-stricken areas who are being hard pressed. May the best of luck and success attend their labours, so that they will survive the unfortunate crisis.

War Memorial Endowment Fund.

The Secretary will be pleased to hear from new Subscribers, and from those who have not sent in their prom scd instalments.

The Ortnond Letter.

This year has started very well.

Every Old Collegian passed his Exams, last year, though some unfortunately had to do Supps.

The Freshmen have been well and duly initiated.

Ormond won the Cricket match against Newman, and unfortunately had to postpone the match against Trinity when it was in the interesting stage of a difference of six runs between the first innings.

In the Boat Race we won our heat, but suffered defeat in the final from Queens.

The numerical strength of our Colony is somewhat less this year than it was last. Peter MacCallum is now B.A., L.L.B., and is out in pursuit of costs. Lee, Hobbs and Mackay passed Finals in Medicine, and are alleviating suffering in the hospitals. Hepwell has taken up his duties with the Presbyterian Church in Western Australia. Roy Miller has gone out of College this year to be able to work harder for Finals in Medicine. So much for the dear departed.

Bill Leggatt is rowing 5 in the Crew and passed 3rd year Law successfully. Norman Longden was Captain of the Cricket and has his nose on the grindstone for 5th year Medicine. Jack Rogers passed 1st year Science with a couple of Honours, and was in the Cricket team and in the 2nd Eight which had a win in the half-mile race against the other Colleges. Pearson passed 3rd year Law and rowed in the 2nd Eight. The thought of August Exams for 3rd year Medicine is keeping Waterhouse, Sharland and Gibb busy. Tod Sloan, Max Burnett, George Scott and Jim Bell are all enjoying life and working by turns. Willy Macmillan passed 1st year Medicine, is rowing 7 in the Crew and is Secretary of the University Athletic Club. Angus Baird and Dicky Lee the Second have been carefully initiated and are beginning to settle down to College life.

All unite in wishing the College the best of luck for this year in general and in particular for the Boat Race.

Bagpipes.

IT is remarkable how few boys know any particulars regarding the bagpipes, although this College used to be called Scotch College. The main part of the "pipes" is the bag. This is made out of animal skin, the usual being goat or sheep. In Australia however, kangaroo skin is

used and is vastly superior to all other, but the supply is necessarily limited. The bag being covered with tartan leads many to think this is made of cloth, and they wonder how the air is retained. There are five stocks coming from the bag. These are about four or five inches long. The bag is shaped like an elongated pear. Into the narrow end of the bag one of these stocks is fitted to hold the chanter; about a third of the way up another, and about halfway the remaining three all in a line. The second stock is for the blow-stick, the remaining three for the drones. The blow-stick is only a hollow stick fitted with a valve, by means of which the bag is filled. The drones are of unequal length, the big drone being about nine inches longer than the other two. They consist of jointed, hollow pieces of wood, the big drone consisting of three pieces and the smaller ones two. By moving the joints the drones can be altered in length and so the tone is altered. At the bottom end of these drones where they fit into the stock are the drone reeds which give the sound. They consist of pieces of Spanish bamboo about four inches long and as thick as a fountain pen. Near the end of the cane there is a cut made and a tongue formed by lifting up the upper half. Tuning strings are tied around the tongues so that by moving them backwards or forwards an alteration in pitch is produced. The chanter is the most important part of the "pipes," and may be best described as a large wooden "tin-whistle" At the top end where it fits into the stock is the reed. This is two pieces of cane fitted together and shaved very thin. The chanter has seven notes in front and one at the back.

To blow the "pipes" they are taken and held under the arm with drones over the left shoulder, and blown with an even breath until the bag is full when the drones squeak. Taking the chanter in the left hand, gently jerk the bag and the chanter sounds- There will probably be several discordant sounds and these have to be blended into one harmonic sound. The big drone sounds low A and the two tenor drones high A. These must be tuned with the high and low A on the chanter. This is done by altering the length of the drones by means of the joints.

Many people think that the "pipes" can play very few tunes, but this is a mistake, as almost any tune can be played, but there is a feeling that the "pipes" should be kept for Scotch music. Among the many popular tunes that the "pipes" can play are "K-K-Katie," "Over There," "Till We Meet Again," "Another Little Drink" and "Down on the Farm."
